Name: James Lange
Office Phone: 763-561-2120
Email: jlange@brookcncr.k12.mn.us

Course Description

In this course students will gain a vast understanding of the Elements and Principles of art, and how they are used in graphic design and digital photography. We will learn about these topics as we explore how they are used in print advertising. The course consists of 5 units. Each unit has several assignments which the student will complete to gain the knowledge necessary to complete the unit summative project. Each unit also has one technology article, which is designed to push student to think critically about the role technology plays in their lives today.
